

The BIB with and for children

The Biennial of Illustrations Bratislava (BIB) is an international competitive exhibition of original illustrations of books for children and youth — and comprises also an accompanying creative programme dedicated to children. Both the youngest and the older ones.

You will experience workshops, playful morning hours as well as an interactive accompaniment through the BIB 2023 competition exhibition and a “stamp-hunt”.

And, of course, children who are not afraid to create, sing and explore Kinga Rofusz's pics, the original pieces of which you can see at this year's BIB.

Mums and dads through my very own eyes

Discussion for parents and creative workshop with an illustrator.

Along with some experts we will discuss the ongoing historic stereotypes - man, woman, education, employment. We will talk about where they come from and how to eventually break them down, as well as about respecting the individuality of each person.

During the workshop, children will explore and creatively express their very own perception of the gender roles within the family and the immediate environment.

12/11 Sunday from 4:00 pm till 6:00 pm

Guests:

Michal Hvorecký - writer

Jana H. Jana Hoffstädter - writer and author of “This is us”, publisher

Marta Matus - illustrator of the book “This is us”

Katarína Rezníková – psychologist and therapist
